

Manager Controlling (m/f)

Our client is a global manufacturer and leading supplier of millions of mechanical components and indirect materials for special purpose machinery and assembly automation. A large number of products are individually configurable. Our client was founded in Japan, has sales offices all over the world and employs more than 10,000 people. The European head office which is located near Frankfurt/Main, Germany exists for more than 10 years. More than 200,000 customers worldwide gain cost and time saving benefits through the client's business model.

Your challenge:

- Manage and develop a small team of financial controllers.
- Responsible for monthly management reporting, monthly forecasting, annual budgeting, and ad hoc value-added analysis for senior management.
- Key contact between Japan HQ Finance team for all Finance reporting requirements in Japanese and English.
- Drive internal controls, Kaizen and process standardization projects to align with Global Finance initiatives.
- Assess operating methods, procedures, processes and recommend improvements
- A friend of numbers, service-oriented and passionate about results.
- Self-starter and a motivated individual with the ability to focus and manage and present detailed reporting tasks.
- Strong financial, operational, and strategic business acumen to ensure process improvement in the finance organization.

Your profile:

- Bachelor's degree or higher in Finance, Accounting or Business Administration, or experience in a related discipline.
- More than 5 years' experience in a (managerial) function responsible for management accounting and business decisions providing senior management with key analysis reports.
- Broad experience in an international and control/process conscious environment.
- Advanced MS-Excel, Access and SAP skills are required.
- Must be comfortable presenting recommendations to executives and influencing at all levels of the organization.
- Demonstrated leadership skills and a proven track record of implementing strategic initiatives.
- Fluent written and spoken Japanese and English is required (German is nice to have).

Our offer:

We offer an exciting and international working environment combined with a performance-based compensation, opportunities for career advancement within the organization and flexible working hours.

Please send your your resume to Konstantin A. Werner: werner@executivenetworkers.de in English including your desired salary and availability. Thank you very much.
